

Fat Faded Fuck Face

Die Antwoord

Fuck, I'm so faded
Motherfuck, I'm faded
In the morning, I be fresh as fuck
But your bitch still faded
Fat faded fuck face, save it
How'd you get so jaded?
So never made it, get faded
Your legacy's overrated and your shit sounds dated
No longer famous, kids don't know what your name is
Something crawled up your anus and died
That's why your face is so fucked up
Salt taste in your mouth
Your bitch call me the greatest

First down for me then they flip on me
I told your boy, "Your bitch needs to chill"
You are not, you a two-face
No one cares 'bout what you say
Everyday's Suicide Tuesday
But your salt breath needs toothpaste
I told your boy, "Your bitch needs to chill"
I told your boy, "Your bitch needs to chill"
I told your boy, "Your bitch needs to chill"
Fake bitch, fuck, keep it ill
Fake fat fuck

Motherfuck, I'm so faded
I don't even know what today is
In the morning, I be fresh as fuck
But your bitch still faded
Fat faded fuck faces hate it
How'd you get so jaded?
So never made it, get faded
Your legacy's overrated and your shit sounds dated
No longer famous, kids don't know what your name is
Something crawled up your anus and died
That's why your face is so fucked up
Salt taste in your mouth
Your bitch call me the greatest

How'd you get so fat? How'd you get so whack?
Fuck the fuck off, once you gone whack, you never go back
Something crawled up your anus and died
That's why your face is so fucked up
Salt taste in your mouth
Your bitch call me the greatest
Fuck, I'm so faded
Someone told you I'm famous
Bitch, don't ask me for a picture
You don't even know what my name is
Motherfuckers testing my patience
Trying to make conversation
Mouth moving but they don't say shit
Get the fuck off my spaceship
I'm on a permanent vacation, blow a kiss to my haters
[?], I'll see you later, masturbaters
