## **Zefside Zol**

## **Die Antwoord**

Whatever, man Fokker! haha! This is how we drop a zefside zol

I take a cold bottle beer crack it open
Drank the whole bottle beer with the toke it
Take the empty bottle beer smash it broken
Stuff the neck full of dope and I smoke it
Blow the smoke out my nose like a dragon
And I puffs that magic in the dragon
Yeah I smoke-a the weed and get-a high...
Now I'm like-a red in the eye
