

# Downfall

## Die Apokalyptischen Reiter

Lost in visions I see a land,  
Hearts full of blissfulness  
A life without a fight.  
Lost in visions  
A ship called "my saviour" sailed lonesome through times  
The aim showing it the right direction was my salvation.  
Downfall!  
Die in pain  
Downfall!  
Die In hell  
Downfall!  
Fuckin' die  
Downfall!  
The ship passing through all storms,  
Through fear, neediness and because danger,  
It's exactly the ideal solution as there is no harbour.
