

## Roll my Heart

### Die Apokalyptischen Reiter

Roll roll roll roll my heart  
A never ending story  
Roll roll roll roll my heart  
Over all the seas  
Roll roll roll roll me heart  
Til the end comes to me

I'm the man who will know every town  
Every country, every crowd  
A serious business (that) i call me own  
I play for you holy tunes

I carry no weapons i'm armed with dreams  
Just listen if you have to know what it means  
Maybe i can give you hope if you need some  
A musicman is giving love to you

The drug i shot now in your brain  
Is the taste of freedom, check your leader  
I don't wanna see anyone in chains  
Let me be your dealer
