

# From Above

Die Happy

A freefall in my head, exiting  
A beautiful demand for me  
All are willing – to do what I please  
I'll always be the best, baby  
I will never rest, well, maybe  
What if I don't cry  
Do you want to die ?  
Are you who you are ?

I'm never running into debt  
I have my future in my hands  
I can't I can't fall from above  
I feel it

I flip over my life, sometimes  
A big smile on my face  
Sun shines  
Are you willing – to do what I please  
I'll always be the best, baby  
I will never rest, well, maybe  
What if I don't cry  
Do you want to die?  
Are you who you are ?

I'm never running into debt  
I have my future in my hands  
I can't I can't fall from above  
I feel it

When you look into my eyes  
I make you paralised  
You feel it inside  
I wanna be a part of you  
I wanna get the smell of you  
I want you, I want you  
And then I feel complete

I'm never running into debt  
I have my future in my hands  
I can't, I can't fall from above  
I feel it

I'm never running into debt  
I have my future in my hands  
I can't, I can't fall from above  
I feel it

I'm never running into debt  
I have my future in my hands  
I can't, I can't fall from above  
I feel it
