

Wrong

Die Happy

I kissed your lips, you said that I was wrong
I kissed your cheek, you said that I make you weak
I kissed your hand, I guess that I'm not fair
I touched your hand, so please just tell me

Why did you say that I'm wrong?
Why did you say that you're sorry?
Why did you go away?

Why did you say that I'm wrong?
Why did you want me to go?
Why did you ever fall in love with me?

It's too bad, you didn't want me to touch you

I kissed your lips, you said that I was wrong
I kissed your cheek, you said that this is not strong
I touched your face and you said that it hurts you
So please just tell me

Why did you say that I'm wrong?
Why did you say that you're sorry?
Why did you go away?

Why did you say that I'm wrong?
Why did you want me to go?
Why did you ever fall in love with me?

It's too bad, wrong, I am wrong you say
It's my fault, you're not mine anymore

Why did you say that I'm wrong?
Why did you say that you're sorry?
Why did you go away?

Why did you say that I'm wrong?
Why did you want me to go?
Why did you ever fall in love with me?

Why did I think you were mine?
Why did I think we were fine?
Why did I dream we could fly away?

Why did you say that I'm wrong?
Why did you want me to go?
Why did you say that I'm wrong
Wrong, wrong, wrong, wrong
I should go, I should go, I should go, I should go
