

Inside Out

Die Krupps

what happened to my life
what happened to my pride
i'm a victim of your love
i can't cope with this world no longer

you have my fate in your hands

i'm on the verge of self destruction
i don't see a way out
if this was your intention
to turn me inside out

what's the reason of my life
there's no pleasure in my heart
now i'm disillusioned
and i had so much more in mind
