

# Paradise Now

Die Krupps

look at the past what do you see  
look at the present what do you see  
look to the future what do you see  
you clearly see what will be

growing content in these hearts and minds  
an feeling of anger that makes them blind  
rising to the surface the will to destroy  
shaking the system like an defective toy

paradise now (2x)  
all we need is  
paradise now  
make the fear that will break

shout out (3x)  
to hell with agony  
shout out (3x)  
to hell with misery  
shout out (3x)  
to hell with agony  
shout out (3x)  
to hell with misery

look deep inside you  
what do you feel  
test your senses to see what is real  
look in the mirror  
who do you see  
what you desire make reality

when enemies connect like separated brothers  
when hell becomes heaven and haters lovers  
then we will build the ideal place  
and then lend us richer peace and grace

paradise now (2x)  
all we need is  
paradise now  
meet your worst yet  
build it now

shout out (3x)  
to hell with agony  
shout out (3x)  
to hell with misery  
shout out (3x)  
to hell with agony  
shout out (3x)  
to hell with misery  
shout out (3x)  
no more misery  
shout out (3x)  
no more misery  
shout out (3x)
