

# Gone

Dierks Bentley

My buddies think I'm on the lake  
Boss thinks I've been sick for days  
And mama's probably on her way  
'Cause I ain't picked up the phone

I've been a million places  
But they're all up in my head  
Over-drinking, overthinking ever since you left

I've been gone, I've been gone  
I've been sittin' on the couch watching TV all day long  
All day long, I've been tryin' to figure out how a good thing went wrong  
Faster than that freight train, farther than that airplane  
Sadder than a country song  
Headed down that highway, anywhere but my way  
Ever since you moved on, I've been gone

Took a trip down memory lane  
Checked into hotel heartbreak  
Passed rock bottom on the way  
Without leaving my living room

I've been a million places  
But they're all up in my head  
Over-drinking, overthinking ever since you left

I've been gone, I've been gone  
I've been sittin' on the couch watching TV all day long  
All day long, I've been tryin' to figure out how a good thing went wrong  
Faster than that freight train, farther than that airplane  
Sadder than a country song  
Headed down that highway, anywhere but my way  
Ever since you moved on, I've been gone  
Yeah, I've been gone

All the clothes are on the floor  
All the mail's by the door  
All the whiskey bottles in my bed  
All the dishes in the sink  
All the gas is in the tank  
All the neighbors probably think I'm dead

I've been gone, I've been gone  
I've been sittin' on the couch watching TV all day long  
All day long I've been tryin' to figure out how a good thing went wrong  
Faster than that freight train, farther than that airplane  
Sadder than a country song  
Headed down that highway, anywhere but my way  
Ever since you moved on, I've been gone  
I've been gone  
Gone
