

## Good Man Like Me

Dierks Bentley

Now that old car, it ain't gonna last  
You ride around all day, I buy the gas  
The more I work, the more you spend  
Tell me honey baby when will this all end

Her bags are packed, my nerves are racked  
She's got a one-way ticket, ain't comin' back  
Oh baby, baby  
Where you gonna find a good man like me

Take a look at this house turned upside-down  
I hung the clothes on the line, they blowed down to the ground  
I try to eat my own cookin' but its awful bland  
I'm tellin' you right now things are out of hand

Her bags are packed, my nerves are racked  
She's got a one-way ticket, ain't comin' back  
Oh baby, baby  
Where you gonna find a good man like me

Her bags are packed, my nerves are racked  
She's got a one-way ticket, ain't comin' back  
Oh baby, baby  
Where you gonna find a good man like me  
Where you gonna find a good man like me
