## I Wanna Make You Close Your Eyes

## **Dierks Bentley**

Girl I've been waitin' on this long hard day to get over So I can rest my head right here on your shoulder I just wanna lay here and feel ya breathe Listen to the rhythm of your heartbeat And see where it leads

We're wide awake but girl I wanna make you close your eyes And say my name like only you can say it and hold me tight All I need is only you and me alone tonight I wanna make you close your eyes

Oh yeah

You can make me work for it girl if you want to
Just leave a trail for me to follow you into the bedroom
And if you need a little bit of help from me
Babe there's not a button that I can't reach
Let's see where it leads

We're wide awake but girl I wanna make you close your eyes And say my name like only you can say it and hold me tight All I need is only you and me alone tonight I wanna make you close your eyes

I wanna take you somewhere, out there 'Til the world fades out of sight

We're wide awake but girl I wanna make you close your eyes And say my name like only you can say it and hold me tight Just hold me tight

All I need is only you and me alone tonight Yeah, I wanna make you close your eyes Oh

I wanna make you close your eyes, oh Girl, I wanna make you close your eyes
