

# Modern Day Drifter

Dierks Bentley

capo II

**D Em7 C9add9 D Em7 Em7**

**D Em7**  
I'm gonna be a modern day drifter  
**C9 D**  
Get out while I can

**D7**  
Gonna trade in this life I've been livin'  
**G Em7**  
For a pocket full of sand  
And a modern day drifter

**D**  
Don't have to tell no one his plans

**D Em7**  
I'm gonna find that long stretch of highway  
**C9 D**  
Where no one knows my name

**D7**  
Where as long as the sky just goes on  
**G Em7**  
And it's never the same

**D**  
A modern day drifter don't ever complain

**F#m G A D**  
Bye bye, high life  
**F#m G A**  
Feels like the right time  
**F#m G**  
To say so long

**A D**  
Keep on goin' strong  
**F#m G A**  
And I'll just keep on bein' gone

**D Em7**  
'Cause I'm gonna be a modern day drifter  
**C9 D**  
Yes I am

**D7**  
Gonna slip this ring off my finger  
**G Em7**  
'Cause everybody understands  
That a modern day drifter's got

**D**  
Nothin' but time on his hands

Bye bye, high life  
It feels like the right time  
To say so long  
Keep on goin' strong  
And I'll just keep bein' gone

'Cause I'm gonna be a modern day drifter

Oh, yes I am  
Gonna slip this ring off my finger  
'Cause everybody understands  
That a modern day drifter's got  
Nothin' but time on his hands
