

# Moneymaker

Diesel

Howard Hughes still got them blues  
Illin' from time on the vine  
Getting ahead while still in his bed  
When he should have been drinking his wine  
Layin' around only gets you down  
Now tell me whatcha' gonna do?

Shake your moneymaker...

Flyin' around never touching the ground  
With habits better than sin  
Head in the air like you haven't a care  
In time it's gonna wear thin  
Life in the sun might seem like fun  
Tell me now what else can you do?

Shake your moneymaker...
