

## Sacred Cow

Diesel

The first thing I noticed when you walked into the room  
Was a sweet disposition and the smell of your perfume  
The smell of smoke shortly after came  
Don't you know my heart was aflame

No stopping it now  
To love you is my only vow, uh-huh  
Ooh, no stopping it now  
So let me rope your sacred cow

You were cool, so cool, and acting so reversed  
And I was trying so hard, it was getting on my nerves  
A few days on it came together like a song  
Now we can do no wrong

No stopping it now  
To love you is my only vow, uh-huh  
Ooh, no stopping it now  
So let me rope your sacred cow, ooh

Have faith in me and I'll be your ever-loving man  
Mr. Destiny has done the best that he can, yeah  
If you believe, I'm gonna give you my love

So let's get down to the heart of it  
At the start of it, you know I loved you just the same  
To have and to hold sounds a little old  
To love and to move, it's gotta be a groove

No stopping it now  
To love you is my only vow, uh-huh  
Ooh, no stopping it now  
So let me rope your sacred cow

No stopping it now (Stop)  
To love you is my only vow, uh, hey, yeah  
No stopping it now (Stop)  
So let me rope your sacred cow
