

Dedicated

Digable Planets

Nighttime, bust it

This is dedication to my whole crew
Those that's true, they all know who
This is a dedication to my real crew
They all know who, the ones that's true
Dedication to my whole crew
Going back a couple years
Before the tears and the fame, bust it

Do you got a court or family, me neither
The G's freeze broke splittin' one slice of pizza
Medina never seen a crew as fly, uh bumpin'
Sayin' somethin' fresh, fuckin' labels keep frontin'
Ain't nothin' we about's to make it
Take it if we gotta
Now, I gotta daughter do or die time
Writin' rhymes on the rug
For to or whom it's all love we don't bug
Same time Terell caught a slug
I sew time muscle time in the city
Ain't got dimes for the week, no pity
Shitty ass rap need a firm gun clap
Revolution time, I'm cool like 'dat
Go pop, I would never act a fool like 'dat
I'm a panther, to a triple six, I'm cancer
Blow up time, magazines, TV
Mad shows, flows, airplanes, overseas
Cash on point, but I'm still on the d
Now, I fell a nell with a flower
Never let a blossom, love
I want some she got some
Make life, same time take life
Now it's gone but the shit goes on
Comrade click, memories stand strong
My joints go unpeep for the brains I borg
I live in eternal hell for this pain I 'cause
Yes, yes, y'all it's true we got the grammy
Blast blast fool with my pound chrome jammie
Media clowns never did understand Essential ghetto slick as meadow
Me and cee know that's the love one forever
Individual or together
My brother Sulaiman knowledge be Dash Dave and Mec
Fool, I die for the niggas in my click
Now I deal truth so, I'm straight bullet proof
Dania love give me eternal youth
Maya Angelou do what you got to
Yeah baby, I catch you when we get there
Tell me momma 'cause the kids so legit
We goin' to the essence with some fly ass shit
Reachin', blowout comb, this how we do it
We goin' to the essence with some fly ass shit
Show you right, uh
