Had to run a boy down in my Air Force, pissed  
Cos now they got a crease in the middle  
Are you sure this corn will fit this wap though?  
Bro these teeth ain't little  
See a hottie with the biggest back  
B I'm not sure if 'dem jeans fit you  
Ayo it's Dotty on the beat

When you get bags like me, pretty girls don't want to go yard  
Came in a Addison Lee  
Nine bills on Italian jeans  
But even in an Unknown T, I still got gally on me  
I was listening to BxB (Blade Brown), ducking from TSG  
I knew white in base before I ever went DXB (Dubai!)  
The little Asian lady next door saw me like 10 times  
They say black don't crack but I had a Rasta on my peb line  
Go West and I do damage  
Left Bond Street, need new hangers  
I was getting money in my Air Force  
Then I went Puma and got a new balance  
Smelling like black orchid when I step through (she loves it)  
Just got a check from Apple, that's what I call bread fruit

Who would have thought I would be living this life?  
I was going to bust the Patek

Peng bujj got my fiends all coughing  
In jail, I was kicking up opps with my left foot  
Had to get him down like Robben  
Free S, just missed his call  
We were both in the cage in slippers  
Just do it like we did it in school  
When I had to kick mans face in my Kickers  
Got this sweet one calling me love  
She likes how I squeeze one hand in my glove  
Fuck no bae, no boo  
I just want top, she says I'm rude
