4 man hop out the Vauxhall

Bareback [?], tryna bore him

Ram[?] on me when I'm walking

No [?], can't slip

And I still got Ram[?] on me

When I'm whizzing round Grove in the whip

I run a man down with the blade

Best hope that he don't slip

Cos anyhow I catch my man

And I show him what I do with the flicks

So I beg man touch man's chain

Neck shots that's my fucking aim

And I've been out here tryna grind

I tell man ketchup like Heinz

Bang gunshots if a man touch mine
