(AOD)  
This the old flow, man's bringing it back  
Wrap the tracks up, I'm clinging up crack  
Uh  
Trace-o

My whole team getting bread and you know that (Facts)  
I bought the whole package, it's flowback (Uh)  
If she ain't new then she can't get a throwback (No way)  
I don't follow back chicks and they know that (On God)  
I came through with twenty-one thugs in black  
And I let the ting glee, like Kodak (Glee glee)  
My opponents are broke and they show that (Facts)  
If she stepped in with me, gotta hold that (Ooh woo)

Yo, akh, bring that 'Next Up' flow back, throwback  
No cap, that pack's low-fat  
Kodak, my man won't get his crow back  
None of his dough back  
I don't give no chat  
Brought three 9-stamps and bro post that  
This hooch here, man got it off Polak  
Don't give no chat and have no wap  
Wear my Sniper Gang like I'm Kodak

Look, I locked up the food for the kids like Boris (Like Boris)  
And then I let it go like Rashford  
Free SQ, free Shanks, that's standard  
Feds hate the mandem, got the block angered  
Stepped in the dance, sat down, got pampered  
Big back gyal, nuff weight, she's anchored  
Dot chopped to a half-length, it's tampered  
Thought he don't crumble, now he's in a Backwoods

Slapped that PR, saw them crouch  
If you save them shots like my man did  
Pronounce, I won't hear ouch  
Been about, the opps can vouch  
Spin around, bring the Glocks dem out  
Lif' it up, lick the pagans down  
I feel like a clown, but you know what I mean when I make man drown  
Had a plug then I would buy a hundred waps  
Me and AJ two APs, facts  
More than a hundred racks, daps  
Digga, shotty on tap  
Weed, molly, lean, crack  
I get that gone, bring the stacks dem back

Used to fly packs, I'm giving out plaques

This the old flow, man's bringing it back  
Like the yola, man's bringing it back

Motorola, two phones in the trap

In cunch, had plaques on my teeth  
Now I got plaques on my wall, jheeze  
Play with dogs and end up with fleas  
Run up on me and might end up deceased  
Forty on the whip, no lease  
Two forties in the whip with beams  
Please, please, babes, ease  
Shorty wanna drop on her knees (Trace-o)

Feds got a plan on go to get me  
I was in yard like Daps, ya get me?  
I was OT tryna hide from the X3  
I wanna cop another Pepsi, they won't let me  
Two chocolates, two subs, to blickies  
Two magnums, two rounds, two babies  
Two large fries, two breasts, two gravies  
Two handtings, two cars, two crazies

One AP, two Day-Dates, crazy  
Two .45s and one .380  
Chain and bracelet, had it at 18  
Had me on basic, govs didn't rate me  
Gotta pay me if the gyal wan' taste me  
Lol, lol, I'm facety  
I ain't no patty, she call man, taste me  
Tell he ain't tappy, he's moving shaky

I brought my winger back home like Spurs  
My kettle collection's water  
Get caught up and you might get burst  
One day's streams, that'll pay man's hearse  
Little shorty with a mash in purse  
It could be mine, it could be hers  
All Jah bless not a man can curse  
Man's health get worse if I push that nurse

This the old flow, man's bringing it back  
Like the yola, man's bringing it back  
Pass the soda, let me turn it to crack  
Motorola, two phones in the trap

Wrap the tracks up, I'm clinging up crack  
Used to fly packs, I'm giving out plaques
