

# Double Tap Days

Digga D

Ha (Prod. Walkz)  
You lot just heard what Shotty Shane was on  
Lemme show you lot what Dappz is on  
Bare badness  
Bare violence  
You know what I'm saying?

Two on ped, five in the dinger  
One in the head, six in the spinner  
Back in double tap days, I slapped that gauge 'til I broke that trigger  
Back in double tap days, it was Dappz that slapped that gauge, not Digga  
Pull up, bus' the cylinder  
Done it like Cinder, left this slipper

Two yutes got shot in the face but I bust that attempted case  
Then I got nicked for a stabbing, got no further action, I left no trace  
Then I went jail for a next ting 'cause they said that ... got stabbed in a  
rave  
But I don't know who done it, smile on my face when I left that place  
Then I came back home, I was gassed  
First week out, man banged that mash (Bu-bu)  
Then we got put on the obbo  
The feds try follow and then we got bagged  
Bro, these tips are hollow  
Uh oh, I swear this rental's flagged  
Dappz don't don't box like Apollo  
I swing them shanks and do it, that's facts (Ching, ching, ching, ching)  
Four man, three shanks, two bats  
And Huncho's coming with more but we got spun then man try dash  
I knew it weren't jakes with tasers, saw them lasers stop, calass (Calass)  
Back to the can with plugs and socks and breakfast packs

Dappz done that, Dappz done this, Dappz done slapped that shotty but missed  
Dappz got bad, are you taking piss? Dappz got light and his brown is Chris,  
cheers  
Five man hop in the wiz (Come on now, man)  
It is what it is  
Who's that callin' Dappz's tizzy?  
Took out his ... and slapped that fizzy  
Dappz got a pending case (Case)  
Did it bait, no drill it, blaze but shaved his face (Ching)  
But wait, how could he talk his name?  
The amount of words that he's mashed is cray

And I heard that he bought a dotty for six-double-  
oh so he called it Tay (Squad)  
And I heard that shh-shh got bagged with the mash and the mash they found wa  
s Digga's (Oh, really?)  
Heard shh-shh-shh got nicked for a sawn-off side-by-side two triggers  
And I heard that it was Dappz's too (Gas)  
And I heard that Dappz got shh  
Dappz tried wet 'im but it never went through  
Jump off road if he's onto my crew
