

# Energy

Digga D

Too much fake niggas, that's why I hate niggas  
Coming around with their bad energy, fuck off, man (X10)  
Leave me alone  
2023, blud (HARGO Production)  
Trust me, yo  
Bap, bap, bap  
Bap, bap, bap  
Yo  
I gotta protect my energy (Bap, bap)  
Too much jealousy, I see a friend turn enemy  
Yo, look (Boom)

I gotta protect my energy (Bap, bap, bap)  
Too much jealousy, I see a friend turn enemy (Grrr)  
Please don't ruin my energy (Bap)  
I heard it, why you keep telling me? (Why?)  
I gotta protect my energy  
Can't rap about beef  
Or the streets  
So they rap about (Nashville)

On the back of the bike, Beverly  
Jumped off swinging my choppa, NLE  
I'm on the verge to purge, especially when they keep testing me  
Gotta protect my energy  
My friends ain't there mentally (Nope)  
Don't ask me questions, respectfully (Yeah)  
'Cuz I won't answer sensibly  
I just wanna murder senselessly  
Armed heavily, shoot since secondary, do it professionally  
Kill confirmed, don't message me  
You wanna see these results, keep testing me (Bap, bap, bap)  
I gotta protect my energy  
She for the streets, sesame  
She wanna swallow my seed and have sex with me (Yeah)  
He got shot on his (Woi, woi)  
Now he can't breed like he had a vasectomy

I gotta protect my energy (Bap, bap, bap)  
Too much jealousy, I see a friend turn enemy (Grrr)  
Please don't ruin my energy (Bap)  
I heard it, why you keep telling me? (Why?)

I still think about Drilla 'cah that was my nigga and all of us warring his  
brothers

I got a strong influence on others, they sayin' I brought back colors  
When I look back, all of us stressed our mothers, in prison for five cold summers  
Mum ain't dumb, she's clued up, know what my crew does when we go steppin' with cutters  
Who knows if God still fucks with me, all of the fuckery, some of it troubles me  
All of the things that I'm going through currently, I just need someone to show love and cuddle me  
Dead or in jail, man been there six times, I'm tryna avoid the other one  
I bought another gun, dodging the Babylon, I know I'm troublesome, I'm finna double one

I gotta protect my energy (Bap, bap, bap)  
Too much jealousy, I see a friend turn enemy (Grrr)  
Please don't ruin my energy (Bap)  
I heard it, why you keep telling me? (Why?)  
I gotta protect my energy
