Digga D

Ooh, ooh (Bah, bah, bah, yeah-yeah)
Ooh, ooh (Bah, bah, bah, yeah-yeah)
Aight, look

You ain't seen what I seen, G Locks with a beam, whole clip full of teeth (Yeah, yeah)
You ain't been where I've been, whole room full of green, hittin' licks with my team (Yeah, yeah)
You gotta let it go, let it go, let it go
(We finna jump out and let it go)
Jump out and let it go, let it go, let it go
(We finna jump out and let it go)
Aight, look (Oh, yeah)

Pass the hammer, I'ma take control, jump out and let it go
Get up close and let 'em know I have his name, that's set in stone
And all these rubberbands, hittin' lick for hundred grand
I can do DayDates, three on my other hands
Niggas wanna start rappin', makin' up new gangs
Pussy said he's onto man, he saw bro and then he ran
Jump out and let it go, let it go, let it go
But I told bro "Don't let it bang" (Oh-oh-oh)
I told bro "Don't let it go" (Oh-oh-oh)
I told bro "Don't let it go"

You ain't seen what I seen, G Locks with a beam, whole clip full of teeth (Yeah, yeah)
You ain't been where I've been, whole room full of green, hittin' licks with my team (Yeah, yeah)
You gotta let it go, let it go, let it go
(We finna jump out and let it go)
Jump out and let it go, let it go, let it go
(We finna jump out and let it go)

I told bro "Don't, that's so hot", tryna do a man on spot
Took persuadin', took a lot, 'cause he just wanna let it pop
I told him "Cool off" (Yeah, yeah-yeah)
'Cah he just wanna let the tool spark
The folks is hotheaded, and the Vaux is unleaded
The poles got led in, just show me where the bread is
The scream was horrendous, he ain't even worth deadin'
But lil' bro wanna behead him
Oh, you just out here bangin' on the main road
I told bro "Don't let it go"
Oh, but tomorrow you can see another day, bro
I told bro "Don't let it go"

You ain't seen what I seen, G Locks with a beam, whole clip full of teeth
You ain't been where I've been, whole room full of green, hittin' licks with my team (Yeah, yeah)
You gotta let it go, let it go, let it go
Jump out and let it go, let it go, let it go, oh yeah
