

## Two Up

Diggy Simmons

Two up, for this great life, yeah, it feels right  
Go ahead put it up, everybody live it up  
If tomorrow never comes,  
Two up, for this great life, yeah, it feels right  
Go ahead put it up, everybody live it up  
If tomorrow never comes,  
I, I, I, I, I, I, I, I, I, yeah, now keep em high  
I, I, I, I, I, I, I, I, I, yeah,

I'm feeling good, rather I'm feeling great  
The game got me feeling over I don't feel the aches  
I'm tryina eat, you tryina steal my plate  
All the hate, throw it out the front door, Phillip Banks  
I know I can, but you feel I can't  
You think my hype is all gas but you fill my tank  
How you fuel me with what you cruelty  
And I'm a beast on the mic and that's the beauty  
I'm illmatic Nas, reasonable Jay, my adidas run, that's reasonable to say  
And this season ima flip it when I hit them with my ring  
When your boy raises hell, everybody better pray  
Hey men, and women too,  
We don't hang cause misery loves the miserable  
But if your life's love is kicking like fight club  
Let's have a great day and see what the night does

Two up, for this great life, yeah, it feels right  
Go ahead put it up, everybody live it up  
If tomorrow never comes,  
Two up, for this great life, yeah, it feels right  
Go ahead put it up, everybody live it up  
If tomorrow never comes,  
I, I, I, I, I, I, I, I, I, yeah, now keep em high  
I, I, I, I, I, I, I, I, I, yeah,

I got my smart suit on, I'm ingenious  
I laugh but I'm serious, I mean it  
I'm married to my craft and I don't intend on cheating  
Might be tardy to the party but im early for the meeting  
The smell of money lingers, go and take a wiff  
You gonna need some robitussin cause I'm a make you sick  
The first track hit got one straight into the pros  
Now it's first class trips I set later to the roads  
I don't get it later just creating for the flows  
Sittin on the globe, and I'm using it as my comode  
uh uh unload thats gross i know in the league of my own  
Ain't nobody close so, clap your hands  
For el capitan, and somebody tell Spinking to play this track again  
And ain't no looking back unless I'm backing in  
I'm a thank you in my speech when I'll win

Two up, for this great life, yeah, it feels right  
Go ahead put it up, everybody live it up  
If tomorrow never comes,  
Two up, for this great life, yeah, it feels right  
Go ahead put it up, everybody live it up  
If tomorrow never comes,  
I, I, I, I, I, I, I, I, I, yeah, now keep em high

I, I, I, I, I, I, I, I, yeah.
