

Come on!  
Just wanna-

Let me hear you louder now

Just wanna-

Let me hear you louder now  
Louder now  
More, more and more, say again  
More, more and more, again

This ain't no rock show  
This is a disco

Come on now, let's go  
(Say again)  
Let me hear you louder now  
(Let me hear you louder now!)

Fill you up till overflow  
Until I can't take any more  
The save word is:  
More, more, more, more, more, more, more, more, more, mor  
e

Keep going until it hurts  
Find your anchor in these words  
There's no growth without some pain  
So let me hear you say again... again!

Oh, oh... (come on now)

The goal tonight is get you free

Come on now, let's go!

There's no growth without-

More, more, more  
Keep g-  
Move your body  
Move your body

More, more, more, more, more
