

## Go Time

## Digitalism

Can't stop no river by the hands of time  
No word means nothing when it comes to mind  
My heart beats higher than the Empire State  
There is no love the next day, so don't be late

Magic happens, but only today  
As long as you know that it's all real  
Let's just say, we walk away

So let's get Friday out of the way  
You see the sign, it's go time  
Let's get Friday out of the way  
You see the sign, it's go time, oh oh

Oh oh oh oh oh  
Oh oh oh oh oh  
Oh oh oh oh oh  
Oh oh oh oh oh

As long as we're walking, we don't need cars  
We'll only be talking in exclamation marks  
Your movie is bigger than anything in Hollywood  
"Is this it?", you ask  
You know it's good, you know it's good

Let's get Friday out of the way  
Let's get Friday out of the way  
Go time, oh oh

Oh oh oh oh oh  
Oh oh oh oh oh  
Oh oh oh oh oh  
Oh oh oh oh oh

How can you let me know  
If Sunday's coming?  
If you don't even know  
If you belong in

How can you let me know  
If Sunday's coming?  
If you don't even know  
If you belong in

Can you let me know  
If Sunday's coming?  
If you don't even know  
If you belong in

You see the sign, it's go time  
You see the sign, it's go time  
You see the sign, it's go time  
You see the sign, it's go time, oh oh
