

No Data

Digitalism

What did you say?
I don't get
What you're trying to play
You're looking okay
Give me a plan
And we'll be on the way

"Remember my face"
That's what she said
That's what she said
I'll never forget
The data is gone
Conversation is dead

"The future is great"
That's what she said
That's what she said
I'll never forget
The data is gone
Conversation is dead

The closer we get
You travel too far
To ever connect
You have to accept
Nothing is real
It's all in your head

"The future is great"
That's what she said
That's what she said
I'll never forget
The data is gone
Conversation is dead

I'll never forget
The data is gone
Conversation is dead
I'll never forget
The data is gone
Conversation is dead
