Tell me about the other side
You know we're gonna feel right
Tell me about the other side
You know we're gonna feel right

Tell me about the other side
(Tell me about the other side)
You know we're gonna feel right
You know we're gonna feel right

Tell me about the other side
Just because it feels right

Tell me about the other side
Just because it feels right

Feels good, feels right

Feels good, feels right

Tell me about the other side
Just because it feels right
You know we're gonna feel right
Tell me about the other side
Just because it feels right

Feels good, feels right
