

I can tell what you going through baby
You been stressing out lately
I know things have been crazy
I know things have been crazy
I'm still down and I'm feeling the same way
About you think that that's changing
Don't you think that that's changing at all
You're still the only one that I adore
(You never gotta question, no)
I won't try explain it
Girl, just know I'm sure

Baby I know there is some things that I've done wrong
Just so you know you're on my mind whenever I'm gone
Don't ever think that things won't get better
Still want you nestled in my arms
Yeah like from the start

You got me feeling like I just laid eyes on you
Tonight, do what ever you wanna do
I know it's been a minute since we kicked it
Like this and girl I missed it
I know that recently we've been so distant
But let's cancel them plans and get into something

Baby I know there is some things that I've done wrong
Just so you know you're on my mind whenever I'm gone
Don't ever think that things won't get better
Still want you nestled in my arms
Yeah like from the start

Baby I know there is some things that I've done wrong
Just so you know you're on my mind whenever I'm gone
Don't ever think that things won't get better
Still want you nestled in my arms
Yeah like from the start

I still got love
For no one else
Wherever you come around
We still got time
To realize

Baby I know there is some things that I've done wrong
Just so you know you're on my mind whenever I'm gone
Don't ever think that things won't get better
Still want you nestled in my arms
Yeah like from the start

Baby I know there is some things that I've done wrong
Just so you know you're on my mind whenever I'm gone
Don't ever think that things won't get better
Still want you nestled in my arms
Yeah like from the start

Baby I know there is some things that I've done wrong
Just so you know you're on my mind whenever I'm gone
Don't ever think that things won't get better
Still want you nestled in my arms
Yeah like from the start
