

All Black

Dijon

I'm wearing all black to the wedding
Like you know love, from some western, yeah
Your face, our fingers laced, I'm a little bit nervous
But I'm counting down the days

And I can't wait
I wanna run away with you
I wanna hear you say I do, just say I do
And I can't wait
I wanna run away with you
I wanna hear you say I do, just say I do

I can't wait to lasso you up on our honeymoon
And baby we can
Go what you want on our honeymoon
I'll know soon and I can't

And I can't wait
I wanna run away with you
I wanna hear you say I do, just say I do
And I can't wait
I wanna run away with you
I wanna hear you say I do, just say I do
And I can't wait
I wanna run away with you
I wanna hear you say I do, just say I do
And I can't wait
I wanna run away with you
I wanna hear you say I do, just say I do
And I can't wait
I wanna run away with you
I wanna hear you say I do, just say I do

Your pretty eyes there
With the wind in your hair
And I knew
It was you
Your pretty eyes there
With the wind in your hair
And I knew
It was you

I can't wait
I wanna run away with you
I wanna hear you say I do, just say I do
And I can't wait
I wanna run away with you
I wanna hear you say I do, just say I do
And I can't wait
I wanna run away with you
I wanna hear you say I do, just say I do
And I can't wait
I wanna run away with you
I wanna hear you say I do, just say I do
