I like how you look when you got questions (questions)
I like how you look when you get stressed
All tensed up, mmm
I like when you're mad
I like when you get the mood swings
Two eyes in your head, two eyes-, ah
Look like mood rings
I like how you look when you undress

And I like how you look when you're not listening
I like how you look when you get angry
And you ball your fists up
At me, hey
I like when you're mad
I like when you get the mood swings
Two eyes in you, two eyes-, ah
Look like mood rings
I like how you look when you get nasty

Ok, well
I might drop to my knees, Joanna please
Will you take me?
Will you take me?
I might drop to my knees, Joanna please
Would you take me?
Would you take me?

I like how you look when you get good news
I like how you look when you're dancing to your favorite song
(Go ahead, turn the radio on)
I like when you're mad
I like when you get the mood swings
Two eyes in you, two eyes-, ah
You look like mood rings
I like how you look when you undress

I might drop to my knees, Joanna please
Will you take me?
Will you take me?
I might drop to my knees, Joanna please
Will you take me?
Will you take me?
(Will you take me?)

Ok, well
I might drop to my knees, Joanna please
Will you take me?
Will you take me?
I might drop to my knees, Joanna please
Will you take me?
Will you take me?

Are you awake? And should I come and get you?
Are you awake? And should I come and get you?
I might drop to my knees, Joanna please
Will you take me?
Will you take me?

(I might drop to my knees!
I might drop to my knees!)
