

Bracelet

Dijon

Trap door in your apartment
And a million decorations
The street looked pretty from the window
And the city sparkle like a bracelet
The city sparkle like a bracelet
City sparkle like a bracelet

I wish you would let me touch it
I wish you would let me taste it
Power line, power line
Valentine, valentine
Strobe light, deer head, hourglass

Exhale, exhale
Could you tell a dirty tale?
Witchcraft, witchcraft
Look at me and cast a spell
Look at me and raise the dead
Ahh, ahh, ahh, tongue out
Light beam, light me
Snow print, sun out
The bass drum rattle whiskey and the drug
(I can eat ya up)
The bass strong rattle whiskey in a cup
(I can eat ya up)
Strobe light, deer head, hourglass
Strobe light, deer head, hourglass
