Coogie, coogie  
Oh, coogie, cabra

Oh, I get home  
Telephone rings  
I'm convinced that there's a spirit inside  
I'm convinced that there's some meanness in me  
Well, I can't take  
That all things end  
I'm convinced that there's a magnet inside  
Pushing good and pulling bad things in

But if it pleases you, honey  
If it pleases  
Well, I'll do my best to bear it, yeah (Oh-ooh)  
Well, I'll do my best to bear it (Oh-ooh)

Well, I said something  
I shouldn't have had  
And I get scared that, well, I need you too much  
I get scared that maybe needing is bad  
And I get numb  
And we do it over and over again  
And days get bad, and I just push it inside  
Is it bad that I just put it inside?

But if it pleases you, honey  
If it pleases  
Well, I'll do my best to bear it, yeah (Oh-ooh)  
Well, I'll do my best to bear it, yeah (Oh-ooh)  
If it pleases you  
If it pleases  
Well, I'll do my best to bear it, yeah (Oh-ooh)  
Well, I'll do my best to bear it, yeah (Oh-ooh)

If it please  
If it please  
If it please  
If it please
