

## Dance Song

Dijon

Can we dance with the lights down?  
Can I put my head by your head?  
Can I push you out, then pull you in?  
And when you tell me when...  
Then I can dip you down  
And pick you up  
And spin you 'round and 'round again

Can we dance with the lights down?  
Can I undo your shirt just a little bit?  
And I wanna see you step, I wanna see you smile  
I wanna feel your breath  
I wanna work you up a little bit

And nobody has to know what we whisper about  
Nobody has to know  
Come here  
And nobody has to know what we whisper about  
Nobody has to know  
Nobody has to know
