

Jesse was late again  
But I don't mind  
I'll wait for him  
And Jesse gets mean sometimes  
But I don't mind  
He's got a lot on his mind

And dammit Jesse  
It's true  
I do love you  
And dammit Jesse  
It's true  
I do trust you

Jesse's a mess again  
So I lie awake with him  
And he's holding onto something I can't see  
But it's alright  
I'm safe with him

And dammit Jesse  
It's true  
I do love you  
And dammit Jesse  
It's true  
I do trust you

And he could be bad, and turn his back  
He could break all his promises  
But I  
When I see Jesse, I smile  
And when I see Jesse I smile  
He could be bad, and turn his back  
He could break all his promises  
But I  
When I see Jesse I smile  
And when I see Jesse I smile
