

# Say Yeah!

Dijon

Let's get it, take 3

I see it here, how many times?  
It's the same old story  
Been hurt for so long  
I feel this is the perfect time  
To finally approach you, would it be so wrong  
If I walked right up to you and asked your name?  
It won't kill me, and it won't kill you  
But if everything's cool  
Then baby I could suggest a date  
If you're busy, then I feel you

But I'm hoping you say, yeah-yeah-ie-yeah  
I'm hoping you say, yeah-naa-aaah  
I'm hoping you say, yeah-yeah-ie-yeah  
I'm hoping you say, yeah ah-na  
But I'm hoping you say, yeah-yeah-ie-yeah  
I'm hoping you say, yeah-naa-aaah  
I'm hoping you say, yeah-yeah-ie-yeah  
I'm hoping you say, yeah, ah-na

I see you here a thousand times  
I guess I assumed I had gotten it all wrong  
Maybe it was just me picking up the vibe  
Don't mean to be forward but what took so long?  
For you to walk right up to me  
And finally introduce yourself  
I was thinking that you might too busy but you did it  
Well I admit it, I can hardly contain myself  
When you asked if I'm with it  
In the back of my mind

I'm thinking yeah-yeah-ie-yeah  
I'm thinking yeah-naa-aaah  
I'm thinking yeah-yeah-ie-yeah  
I'm thinking yeah ah-na  
I'm thinking yeah-yeah-ie-yeah  
I'm thinking yeah-naa-aaah  
I'm thinking yeah-yeah-ie-yeah  
I'm thinking yeah ah-na

And if it's cool  
I wanna take you out sometime  
Say yeah (oh, oh)  
And if it's cool  
I wanna take you out sometime  
Say yeah (oh, oh)  
And if it's cool  
I wanna take you out sometime  
Say yeah (oh, oh)  
And if it's cool  
I wanna take you out sometime  
Say yeah (oh, oh)  
And if it's cool  
I wanna take you out sometime  
Say yeah (oh, oh)

And if it's cool  
I wanna take you out sometime  
Say yeah (oh, oh)  
And if it's cool  
I wanna take you out sometime  
Say yeah (oh, oh)  
And if it's cool  
I wanna take you out sometime  
Say yeah (oh, oh)
