

Wait

Dijon

You heard that I was wanting ya
You heard that I was thinkin' 'bout ya
You heard that I was needing ya
It's true, it's true, it's true
It's true, it's true, it's true
It's true

You heard that I was talkin' 'bout ya
You heard that I just wanted to see ya
You heard that I was needing ya
It's true, it's true, it's true
It's true, it's true, it's true
It's true

But I can't wait any longer
No, I can't wait
No, I can't wait any longer
No, I can't wait
Don't hesitate

You heard that I was hoping ya
Would drop your party, come and talk to me
You heard that I was wanting ya
It's true, it's true, it's true
But how long, do we have to wait to get through this
How long, do we have to wait to just spend some time alone
'Cause I been thinking that it should be just me and you

But I can't wait any longer
No, I can't wait
No, I can't wait any longer
No, I can't wait
Don't hesitate

Oh, how do you feel about letting go?
Just let me know
How do you feel about letting go?
Just let me know
How do you feel about letting go?
Just let me know
How do you feel about letting go? (oh)
