

## Feel That Way Again

Dillon Carmichael

Chewing tobacco with my grandpa  
Big hunk of Red Man in my jaw  
Mama said that I wasn't allowed  
But he let me anyhow

Saved up the money for my first truck  
Spent the weekends fixing it up  
Daddy told me not to speed through town  
But I did it anyhow

I wanna feel that way again  
Like I don't want it to ever end  
When I look back on how it was back then  
I wanna feel that way again

Now little Suzy, she was sweet as pie  
And after school I'd always give her a ride  
Her daddy said that she wasn't allowed  
But she let me anyhow

I wanna feel that way again  
Like I don't want it to ever end  
When I look back on how it was back then  
I wanna feel that way again

Do you remember how we kissed last night?  
So slow, so right  
Right then I knew  
So I hope you felt it too

I wanna feel that way again  
Like I don't want it to ever end  
When I look back on how it was back then  
I wanna feel that way again  
I wanna feel that way again
