

Might Be A Cowboy

Dillon Carmichael

Montana, Houston, Wyoming, San Antone
This rodeo life is the only one I've ever known
No eight-second rush could hold a candle to
The way that I feel when you do what you do

You'll always be by my side
Like a Colt.45
If you let me, I'll be your John Wayne
I'll give you my love
Together we'll chase the sun
And I swear at the end of the day
Might be a cowboy but I'll never ride away

Hang up my hat, belt buckles, and silver spurs
Do all that I can to give you all you deserve
I just wanna be wherever you're at
That's where I'll hang up my Stetson hat

You'll always be by my side
Like a Colt.45
If you let me, I'll be your John Wayne
I'll give you my love
Together we'll chase the sun
And I swear at the end of the day
Might be a cowboy but I'll never ride away

You'll always be by my side
Like a Colt.45
If you let me, I'll be your John Wayne
I'll give you my love
Together we'll chase the sun
And I swear at the end of the day
Might be a cowboy but I'll never ride
I'll always be a cowboy but I'll never ride away
