

# Somewhere She Ain't

Dillon Carmichael

Highway 152  
That's where I learned to drive  
That ol' high school field  
Saw a bunch of high fives  
Spent a lotta summer nights  
In the back of that field  
Every inch of this town  
Seen these four wheels

One thing I know  
If I'm ever gonna let her go

I gotta get somewhere she ain't  
If this Chevy ain't fast enough I'll take a plane  
If there's a place where I won't hear her name  
I wanna go there  
Well, it's harder than you think  
Gettin' somewhere she ain't  
'Cause she's everywhere

She's in every corner booth  
Even when she's not  
There's a little-white jeep  
In every parkin' lot  
That little blue-eyed 5 foot 3  
Still puttin' that hurtin' on me

I gotta get somewhere she ain't  
If this Chevy ain't fast enough I'll take a plane  
If there's a place where I won't hear her name  
I wanna go there  
Well, it's harder than you think  
Gettin' somewhere she ain't  
'Cause she's everywhere

I can't go to Kentucky  
'Cause that's where she's from  
There's a memory in Memphis  
I'll never out run  
I can't go to Carolina  
That's her middle name  
But I gotta go somewhere  
Somewhere she ain't

I gotta get somewhere she ain't  
If this Chevy ain't fast enough I'll take a plane  
If there's a place where I won't hear her name  
I wanna go there  
Well, it's harder than you think  
Gettin' somewhere she ain't  
'Cause she's everywhere  
She's everywhere
