

Barely Breathing

Dillon Francis

Now that I have paid my dues
Don't need to sit here and wait
All of my time, everyday
I don't feel no shame

Making my name, spelling it out
I'll play the game, don't have a doubt
'Bout who I am, come here and see
More than a man, I'll make you bleed

I'm gonna go down
Till you go with me
Till you go with me
Down
I'm barely breathing
Tell me if you wanna go

I'm barely breathing
I'm barely breathing

Separate all that is fake
Mocking your style, I'll admit
I know your fate, now that it's fake
And that I'll admit

Making my name, spelling it out
I'll play the game, don't have a doubt
'Bout who I am, come here and see
More than a man, I'll make you bleed

I'm gonna go down
Till you go with me
Till you go with me
Down
I'm barely breathing
Tell me if you wanna go

I'm barely breathing
I'm barely breathing

Tell me if you wanna go
I'm barely breathing
I'm barely breathing
I'm barely breathing

Tell me if you wanna go (Drop)
