

Make Me Feel

Dillon Francis

You're making me feel like
You're making me feel like

You're making me feel like the only one
Oh, you're making me feel like the only one, yeah
You're making me feel like the only one
Oh, you're making me feel like the only one, yeah

You're making me feel like
You're making me feel like
Oh, you're making me feel like the only one, yeah

You're making me feel like
You're making me feel like

You're making me feel like
Oh, you're making me feel like the only one, yeah
