

# Rainy

Dillon Francis

He don't know  
What I need  
Get that money out, honey  
Make it rain on me  
I won't lose no sleep if you leave  
So you better stack it up  
Make it rain on me

He don't know  
What I need  
Get that money out, honey  
Make it rain on me  
I won't lose no sleep if you leave  
So you better stack it up  
Make it rain on me

He don't know  
What I need  
Get that money out, honey  
Make it rain on me  
I won't lose no sleep if you leave  
So you better stack it up  
Make it rain on me

I'm the sweet sugar candy  
On your teeth, I  
If you got fleas, fly me out  
West Indies, parody  
He wanna wet my umbrella  
I want the brand-new Mercedes  
Check out the weather  
Looks like it's gonna get rainy

Rainy, rainy, rainy, rainy  
Rainy, rainy, rainy, rainy  
Looks like it's gonna get rainy  
Rainy, rainy, rainy, rainy  
Rainy, rainy, rainy, rainy

He don't know  
What I need  
Get that money out, honey  
Make it rain on me  
I won't lose no sleep if you leave  
So you better stack it up  
Make it rain on me

He don't know  
What I need  
Get that money out, honey  
Make it rain on me  
I won't lose no sleep if you leave  
So you better stack it up  
Make it rain on me

He don't know  
What I need

Get that money out, honey  
Make it rain on me  
I won't lose no sleep if you leave  
So you better stack it up  
Make it rain on me  
Make it rain

He don't know  
What I need  
Get that money out, honey  
Make it rain on me  
I won't lose no sleep if you leave  
So you better stack it up  
Make it rain on me

Um, this song is about the weather
