

Lightning sparked

Dillon

Walk with me
through the dark until we reach
lightning skies
where the tightest knots untie

Lights so bright
our spirits reunite

Sudden eruptions set us free
change of direction, carelessly
unexpectedly jumping breaks
sparks and combustion, rising rage

Sudden eruptions sets us free
change of direction, carelessly
unexpectedly jumping breaks
sparks and combustion, rising rage

Walk with me
through lost time until we reach
lightning skies
where the tightest knots untie

Sudden eruptions set us free
change of direction, carelessly
unexpectedly jumping breaks
sparks and combustion, rising rage

Sudden eruptions set us free
change of direction, carelessly
unexpectedly jumping breaks
sparks and combustion, rising rage
