

Number One Fan

Dima Bilan (Дима Билан)

Love at first sight
I've been watching you all night
What I gotta do for you
May be not bad
Cause that way you dance
Makes me want your autograph
Oh... you're so fine
I just wanna make you mine

Baby you should go with me
Cause I can be the one you need
There's something 'bout the way you are
You're my superstar

And I'm your number one fan
Baby, I'm your number one fan

You know what I want
They call me Dima Bilan
Ready for some action
We can make it happen
I need your love
You're what just can't get enough

Baby you should go with me
Cause I can be the one you need
And there's something 'bout the way you are
You're my superstar
