

Get Outta My Way

Dimas Bilan

Hey! Hey!

Stay one hundred miles away, that's close enough
This world isn't big enough for the both of us
Find your lane and stay out of mine

The road that is travelled is my destiny
And I'll never ever let you get the best of me again
Find your way and stay out of mine

Get outta my way
I haven't barely done a lot
Get outta my way
'Cause I'm a rebel without a cause

No time for love today
Get outta my way

The shades the were holding me are coming down today
So don't try to find love in me, you've done enough, oh yeah
Time to play, the world is mine, is mine

And I won't wait forever, God I'll break it off
'Cause it's not, oh it's never from my take-off
It's a brand-new day, I've made up my mind

Get outta my way
I haven't barely done a lot
Get outta my way
'Cause I'm a rebel without a cause

No time for love today
Get outta my way

Wroom-wroom-wroom, you hear my engine running
Wroom-wroom-wroom, get outta the way, I'm coming
Wroom-wroom-wroom, you hear my engine running
Wroom-wroom-wroom, get outta the way, I'm coming
Get outta the way!

Get outta my way
I haven't barely done a lot
Get outta my way
'Cause I'm a rebel without a cause

No time for love today
Get outta my way

Wroom-wroom-wroom, you hear my engine running
Wroom-wroom-wroom, get outta the way, I'm coming
Wroom-wroom-wroom, you hear my engine running
Wroom-wroom-wroom, get outta the way, I'm coming
Get outta the way!
