

Rocket Man

Dima Bilan (Дима Билан)

Man-man, rocket man-man
A rocket man-man-man, rocket man-man
Rocket man, rocket, rocket, rocket, rock-rock-rock-rock

I've got what you want, you ain't ready
Four, three, two, one... rocket launch, keep it steady
Touch the sky, be so high, baby why?
Would you need another? 'Cause there ain't no other

Do it like I do, I do, I do
Anywhere you wanna ride to, ride to, ride to?

Just call me your rocket man
I'll get you higher than anybody else can
Yeah, I'll be your rocket man
I'll take you there, I'll take you there
Your rocket man

Man-man, rocket man-man, I'm your rocket man
Man-man, rocket man-man-man, your rock-rock-rocket man
Man-man, rocket man-man, I'm your rocket man
Man-man, rocket man-man-man, your rock-rock-rocket man

I've got what you need, you ain't ready
Satisfaction guaranteed, keep it steady
You're so fly, baby my roller ttype
I don't see no other, 'cause there ain't no other

Do it like I do, I do, I do
Anywhere you wanna ride to, ride to, ride to?

Just call me your rocket man
I'll get you higher than anybody else can
Yeah, I'll be your rocket man
I'll take you there, I'll take you there
Your rocket man

Man-man, rocket man-man, I'm your rocket man
Man-man, rocket man-man-man, your rock-rock-rocket man
Man-man, rocket man-man, I'm your rocket man
Man-man, rocket man-man-man, your rock-rock-rocket man

If you need a fix girl
Ride my rocket ship girl
It's so out of this world
You rock it, you rock it

If you need a fix girl
Ride my rocket ship girl
It's so out of this world
You rock it, you rock it

Just call me your rocket man
I'll get you higher than anybody else can
Yeah, I'll be your rocket man
I'll take you there, I'll take you there
Your rocket man

Man-man, rocket man-man, I'm your rocket man
Man-man, rocket man-man-man, your rock-rock-rocket man
Man-man, rocket man-man, I'm your rocket man
Man-man, rocket man-man-man, your rock-rock-rocket man
