

## Unto Others

Dimension Zero

As I trembled  
The walls came down in fear  
Hello misery  
Your company is here

And the temptation starts  
To bleed my empty heart

As I froze  
I all came out hollow  
Greeting fire  
Are you the one to follow?

Drained and useless  
As I came for you  
Unto others  
Come be my shadow

Feed upon me  
Until I'm vanquished  
Demon caller  
Breathing down my throat
