

# Ready For Action

Dimitri Vegas & Like Mike

Are you fucking ready for action  
Ready ready for action  
Only one question we asking  
Question question we asking  
Are you fucking ready for action  
Ready ready for action  
Only one question we asking  
Question question we asking  
Is it your house we'll be smashing  
As we live out your gas bin  
Take it to another dimension  
Asking for you're collapsing  
We're always pushing to the maximum  
When we come at you we blasting  
Don't think I'm overreacting  
Over overreacting  
Tic tic tic tic tic tic tic tic...

You just wanna get low  
You just wanna get low  
You just wanna get low  
You just wanna get low  
You just wanna let go  
You just wanna let go  
You just wanna let go go go let's go

Go go go let's go

Are you fucking ready for action  
Ready ready for action  
Only one question we asking  
Question question we asking  
Are you fucking ready for action  
Ready ready for action  
Only one question we asking  
Question question we asking  
Is it your house we'll be smashing  
As we live out your gas bin  
Take it to another dimension  
Asking for you're collapsing  
We're always pushing to the maximum  
When we come at you we blasting  
Don't think I'm overreacting  
Over overreacting  
You just wanna get low  
You just wanna get low  
You just wanna get low  
You just wanna get low  
You just wanna let go  
You just wanna let go  
You just wanna let go go go let's go

Go go go let's go
