

## Grotesquery Conceiled (Within Measureless Magic)

Dimmu Borgir

"In the shadows of my gallow  
I'd rather absent the hallow..."

(For) Thy presence made pleasure of pain  
(and) Thy madness turned sanity into vain  
Profoundly wicked owner of souls  
The mysteries of Thy creation beheld by ghouls

Diabolically disguised heavenly bodies  
(and its) atrociously desired primordial elements  
Plunging through the confused heart of sulphur  
In all this darkness, how can man see

"Pour misguided fool ...  
It is not God you are talking to  
I am not imposterous, hiding behind pearly walls  
However, I am still yet to be found, known  
I shall guide you on your midnight-ride as the sun fades black  
(and) beyond your grotesque imagination  
my name will be revealed...  
The blod of Christ can't heal your wounds  
Give me all of yours, and I'll give you mine..."

I am the hidden fantasy  
In the secret of my knowledge  
There is no God but me

In this shadowy world all are nameless  
Outstanding, dresssed in majestic splendour  
Touched by the flames of eternal fire  
How I long for your embrace, uttermost desire
