

Beggin' Mama Blues

Dinah Washington

Please don't put me down daddy
Cause I want you for my man
No please don't put my down daddy
Cause I want for my man
I going to straighten up and fly right
And stop my raging sass
I'll get early every morning
Bring your breakfast to your bed
You can spend my money like you want
And nothing will ever be said

Because before I'll lose your daddy
I'd swear just as soon be dead
No, there's no one else to love me
Please believe every word I say
When you're gone I am never contented
When you're I always gay
You told that if I cool down daddy
You'd come back this once to stay

Now, I'm at your mercy daddy
Use me as you please
Yes, I begging you pretty daddy
Down on my bended knees
Say that you still love me
And set that heart of mine at ease
