Take Your Shoes Off, Baby

Dinah Washington

Let us fly away to the rock candy mountains
Just you and I
Where the bluebird sings by the champagne springs

We'll kiss the blues goodbye
Let us wander down to a rose petal pathway
And if you're feelin' fine
Take your shoes off, baby
And quit runnin' through my mind

After we've reached the end of the world
We'll stand at the edge of time
We'll quickly sail away on an ocean of love
Of the rippling thrills of that rhyme
Let me guide my love through the strangest places
Where love is blind

Take your shoes off, baby
And stop runnin' through my mind
